To those who have lost their lives by suicide,
To those who struggle with thoughts of suicide,
To those who have made an attempt on their lives,
To those caring for someone who struggles,
To those left behind after a death by suicide,
To those in recovery, and
To all those who work tirelessly to prevent suicide and suicide attempts in our nation.

We believe that we can and we will make a difference.
In 2017.....

The nation lost 44,193 people to suicide

There were 477 deaths by suicide in Kansas

Johnson County lost 117 people to suicide & overdose

Gun Locks

Shana Burgess, Johnson County Mental Health Center

Why - Reducing access to lethal means

• Firearms are the most common method of death by suicide, accounting for more than half of all suicide deaths.
• Firearm suicides are the most fatal compared to other methods
• Approximately 85% of firearm suicide attempts are fatal compared to 3% or less for overdosing and wrist cutting
• No ability to reconsider or halt mid-attempt
