I. GENERAL PROGRAM INFORMATION

The Crime Victims Reparations Board is appointed by the Governor and consists of three members: Michael A. Barbara, Chairperson; Georgia Nesselrode, Member; and Louis Banks, Member.

There are three fulltime staff: the Executive Director, an Investigator, and a Secretary.

The Crime Victims Reparations Board provides funds to victims of criminally injurious conduct, or their dependents in cases of death, in the payment of medical care, rehabilitation, rehabilitative occupational training and other treatment and care if it is determined by the Board, after thorough investigation that the victim: (1) did not provoke the incident on which the claim is based; (2) the incident occurred in Kansas; (3) the incident was reported to the proper law enforcement agency within 72 hours; (4) the application for reparations was filed within the year of the incident; (5) was not an accomplice or related to the offender; (6) economic loss totals more than \$100 and has not been recouped from other sources including collateral sources.

Work loss and dependent economic loss are limited to \$200 per week; expenses in any way related to funeral, cremation or burial are limited to \$750.00. Reparations payable to a victim or dependent may not exceed \$10,000.00. It is incumbent on the Board to verify that all information contained in the application is true and that the amounts requested are the responsibility of the claimant and a direct result of the incident on which the claim is based.

The Crime Victims Reparations Board has experienced a dramatic increase in claims filed every year since FY 1982. Claims filed have increased almost 30% each year, and while the average award per claim has fluctuated somewhat, the ratio of claims filed to awards paid has remained fairly constant at nearly 60%. Attorneys fees, as specified by statute, are paid only for assistance provided to the victim in preparation of a claim at the rate of \$45 per hour and are awarded in addition to the victim/claimant award.

It is important to note that the increase described above has occurred in the absence of any systematic information dissemination to publicize the reparations program. One explanation of this phenomena is that increased awareness among victims and service providers has expanded the public information network, resulting in more claims filed. Due to increasing awareness among law enforcement agencies, domestic violence programs who serve many victims eligible for reparations, and the public in general, a continued increase is projected.

In 1982 the Legislature assigned administration of the Rape Prevention and Crisis Intervention Services portion of the Federal Preventive Health and Health Services Block Grant to the Crime Victims Reparations Board. The Crime Victims Reparations Board had available \$37,802.00 during fiscal year 1986. A total of \$36,430.00 was disbursed to local programs, statewide. The funds were used for continuation of sexual assault prevention programs for children and adults and to create or maintain rape crisis intervention hotlines. Ten programs received grants from this fund. (See Page 12)

K.S.A. 1984 Supp. 74-7325 established the Protection From Abuse Fund for the purpose of creating funds for programs providing services to victims of domestic abuse. The funding source established in this legislation is an \$8.00 fee assessment added to marriage license fees received in each county throughout the state. Monies deposited in the Protection from Abuse Fund are administered by the Crime Victims Reparations Board in the form of grants-in-aid.

In FY 86 a total of \$231,451.00 was available in the Protection From Abuse Fund and a total of \$171,696.00 was disbursed to domestic abuse programs statewide. The funds were used to assist funding the administration and operation of the following services within domestic abuse programs:

- (a) 24-hour crisis intervention;
- (b) shelter or safehouse facilities;
- (c) assistance and referral for victims; and
- (d) emergency transportation.

Fourteen programs received grants from this fund in FY 86. (See Page 13)

II. THE APPLICATION PROCESS

The office receives numerous inquiries about eligibility for reparations. However, some inquiries are not processed by opening a file because it can be determined that the victim was not eligible under the statute. Many of ineligible inquiries concern automobile and property crimes which are excluded by the statute.

If the claim meets the eligibility requirements it is necessary to:

- 1) obtain a description of the incident from law enforcement reports to determine if any provocation by the victim is indicated and, if so, to contact any witnesses to the incident for their statements;
- 2) request any additional documentation which the claimant did not attach;
- 3) check with the respective District or County Attorney's office to determine if proceedings against the offender are eminent and if so to ask that restitution be considered at the time of sentencing;
- 4) verify the victim's relationship, if any, to the alleged offender;
- 5) consider other collateral sources reported as received by the claimant as a result of the incident; for example, Social Security, Worker's Compensation, private insurance, etc.
- 6) verify employment of the victim and/or the claimant in cases of wage loss or dependent economic loss;
- 7) verify the outstanding balances of hospital and doctor bills and their relevance to the claim; and
- 8) conduct a personal interview with the claimant regarding the information contained in the claim, and the involvement of the claimant in the circumstances surrounding the incident.

The Board is subrogated to the cause of the action of the applicant against the person responsible for the injury or death of the victim and also against the offender for the amount of damages sustained by the applicant.

III. STATUTORY HISTORY

The Crime Victims Reparations Board (K.S.A. 74-7301 - 7318) was established by the Legislature in 1978 to alleviate the financial hardships caused by crime-related medical expenses and loss of income sustained by victims of violent crimes in Kansas. The Statute also provides that some payment can be made to dependents of deceased victims.

The 1982 Legislature, H.B. 3004, amended K.S.A. 74-7305(2)(g) which allowed rape victims to be awarded reparations even though their economic loss would be less than \$100.00.

K.S.A. 1984 Supp. 74-7325 established the Protection From Abuse Fund for the purpose of creating funds for programs providing services to victims of domestic abuse. The funding source established in this legislation is a \$8 fee assessment added to marriage license fees received in each county throughout the state. Monies deposited in the Protection from Abuse Fund are administered by the Crime Victims Reparations Board in the form of grants-in-aid.

K.S.A. 1984 Supp. 20-362 was revised by the 1985 Legislature with S.B. 108 which increased to \$2.00 a fee assessment collected from the costs of each docket fee of a criminal proceeding in any county. This money is deposited in the Crime Victims Reparations Fund established by the original docket fee assessment legislation by the 1982 Legislature, H. B. 3005.

K.S.A. 74-7302 was amended by the 1985 Legislature, S.B. 344 to read as follows: Within the limits of appropriations for economic loss arising from criminally injurious conduct if satisfied by a preponderance of the evidence that the requirements for reparations have been met. The

legislative intent of this amendment was to further clarify that the Crime Victims Reparations Board is not an entitlement program. The amendment also empowers the board, if necessary, to pro-rate claims in the event awards rendered by the Board exceed the appropriations with which to pay the awards.

S.B. 685 passed by the 1986 Legislature amended K.S.A. 74-7317 to allow moneys in the Crime Victims Reparations Fund to be used for state operations of the Crime Victims Reparations Board eliminating the commitment of the State General Fund. S.B. 685 also amended 74-7312 to allow moneys recovered by the Crime Victims Reparations Board through subrogation to be deposited into the Crime Victims Reparations Fund rather than the State General Fund.

S.B. 700 passed by the 1986 Legislature amended K.S.A. 74-7301(e) allowing victims of motor vehicle incidents involving DUI to be eligible to receive reparations for uninsured losses under the same restrictions and limitations imposed on victims of violent crimes. S.B. 700 also added New Section 2 to K.S.A. 74-7301 which requires that any profits from the sale of books, magazines, or other publications or from any movie, radio, television presentation or live entertainment regarding criminally accused or convicted person's (or their assignee's) thoughts, feelings, opinions, or emotions regarding the crime shall be paid to the Crime Victims Reparations Board. Any moneys received are to be deposited into an escrow account until distribution of funds can be determined as outlined in New Section 3.

K.S.A. 74-3701 was amended by the 1986 Legislature, S.B. 568 which

provides specific language allowing the Crime Victims Reparations Board to apply for, receive and accept money from any source, including financial contributions from inmate worker wages thus allowing the State of Kansas to meet a mandatory certification requirement to participate in the Private Sector/Prison Industry Enhancement (PIE) Program administered by the Bureau of Justice Assistance of the U.S. Department of Justice.
