INTRODUCTION

The Kansas Crime Victims Compensation Board completed its fourteenth year of operation June 30, 1992. The Kansas Legislature, in 1978, established the Board, (formerly the Crime Victims Reparations Board) pursuant to K.S.A. 74-7301, et seq. recognizing that innocent victims of crime have been overlooked by the criminal justice system. In answer to the directive of the Legislature, the Crime Victims Compensation Board during its existence (July 1, 1978 - June 30, 1992) has made awards to 3,758 victims in Kansas for out-of-pocket medical expenses, loss of earnings or support, burial expenses and other costs associated with the treatment of their injuries sustained as a result of being a victim of a violent crime. In its fourteen years of operation, the Crime Victims Compensation Board has awarded a total of \$9,571,851 for payment of these losses because it was the last resort for the injured, innocent victim.

I. GENERAL PROGRAM INFORMATION

The Crime Victims Compensation Board is appointed by the Attorney General and consists of three members: C. William Ossmann, Topeka, Chair; Dorthy S. Miller, Pittsburg, and Carlos Cooper, Kansas City. There are five staff members: the Executive Director, two Investigators, a Secretary and a Keyboard Operator II.

The Crime Victims Compensation Board provides funds to victims of criminally injurious conduct, or their dependents in cases of death, in the payment of medical care, rehabilitation, rehabilitative occupational training and other treatment and care if it is determined by the Board, after thorough investigation, that: (1) the victim did not provoke the incident on which the claim is based; (2) the incident occurred in Kansas or a Kansas resident who was injured in a state who does not have an eligible compensation program; (3) the incident was reported to the proper law enforcement agency within 72 hours; (4) the application for

compensation was filed within one year of the incident, or in the case of indecent liberties, one year from date incident was reported to law enforcement; (5) the victim was not an accomplice to the incident; (6) economic loss totals more than \$100 and has not been recouped from other sources.

Work loss and dependent economic loss are limited to \$200 per week; expenses in any way related to funeral, cremation or burial are limited to \$2,000. Compensation payable to a victim or dependent may not exceed \$25,000. It is incumbent on the Board to verify that all information contained in the application is true and that the amounts requested are the responsibility of the claimant and a direct result of the incident on which the claim is based.

The Crime Victims Compensation Board had 1160 claims filed in FY 92, compared to 977 claims filed during FY 91. The average award per claim has fluctuated somewhat; the ratio of awards paid to claims filed has remained fairly constant at nearly 60%. Attorney fees, as specified by statute, are paid only for assistance provided to the victim in preparation of the claim at the rate of \$45 per hour and are awarded in addition to the victim/claimant award.

Attorney General Stephan provides leadership to the Executive Director of the Crime Victims Compensation Board and the Victims' Rights Statewide Coordinator. They work together to assure that victims are advised of their rights under the Victims' Rights legislation passed during the 1989 Legislative Session. A statewide Victims' Rights Hotline (1-800-828-9745) was established, and a closer liaison developed with law enforcement agencies, rape crisis centers, victim/witness programs and domestic violence programs. These initiatives were undertaken to enhance the awareness of the Crime Victims Compensation Program.

In 1982 the Legislature assigned administration of the Rape Prevention and Crisis Intervention Services portion of the Federal Preventative Health and Health Services Block

Grant to the Crime Victims Compensation Board. The Crime Victims Compensation Board had \$34,640 available during FY 92. A total of \$34,640 was disbursed to local programs, statewide. The funds were used for continuation of sexual assault prevention programs for children and adults and to create or maintain rape crisis intervention hotlines. Fourteen programs received grants from this fund. (See Page 11).

In 1984, the Legislature established the Protection From Abuse Fund (K.S.A. 74-7325) for the purpose of creating funds for programs providing services to victims of domestic abuse. The funding was established in K.S.A. 23-108a to provide an \$8 fee assessment added to marriage license fees received in each county throughout the state. In 1989, this provision was amended, raising the marriage license fee assessment to \$23. Monies deposited in the Protection From Abuse Fund are administered by the Crime Victims Compensation Board in the form of grants-in-aid.

In FY 92, a total of \$687,771 was available in the Protection From Abuse Fund and a total of \$610,425 was disbursed to domestic abuse programs statewide. The funds were used to assist funding the administration and operation of direct services within domestic abuse programs and consisted of the following:

- (a) 24-hour crisis intervention;
- (b) shelter or safehouse facilities;
- (c) assistance and referral for victims; and
- (d) emergency transportation.

Twenty-one programs received grants from this fund in FY 92. (See Page 10). In June 1986 the Crime Victims Compensation Board applied for and received a grant from the U.S. Department of Health and Human Services under the Family Protection From Abuse Fund. \$87,639 was awarded during FY 92 as supplemental awards to seventeen domestic violence program, and the Kansas Coalition Against Sexual/Domestic Violence.

II. FUNDING OF COMPENSATION PROGRAM

Prior to FY 83, the Crime Victims Compensation Board was solely funded by the State General Fund. During the 1982 Legislative session legislation was passed allowing the Crime Victims Compensation Board to receive an assessment of \$1 from each criminal court docket fee collected. The money received was to be deposited in the Crime Victims Compensation Fund and used solely for payment of compensation to victims. In order to meet the growing number of claims the 1985 Legislature increased to \$2 the court docket assessment earmarked for compensation.

The FY 89 Legislature, recognizing the inadequacy of the Crime Victims Compensation funding, altered the funding source for compensation by deleting the deposit of \$2 of the criminal court docket fee and instead required the deposit of 19% of all fines, penalties and forfeitures received by each clerk of the district court of each county deposited into the Crime Victims Compensation Fund. The change of funding source increased the Crime Victims Compensation Fund to \$1,943,913 in FY 92. This funding insures that victims of violent crimes will be expeditiously reimbursed for their losses. The funding further allows all administrative costs to be borne by the Crime Victims Compensation Fund, thus ensuring that all monies received from the Protection From Abuse Fund and the Federal Programs are granted to the various domestic violence and rape crisis programs previously referred to in this report. In FY 1986 the Crime Victims Compensation Board applied for and received, under the Victims of Crime Act of 1984, federal funds to be used for payment of compensation. A total of \$947,000 has been received to date, \$231,000 of which was utilized during FY 92 for payment of compensation claims.

III. THE APPLICATION FOR COMPENSATION

The office receives numerous inquiries about eligibility for compensation. Some inquiries, however, are not processed by opening a file because it can be determined that the

victim was not eligible under the statute. Many of the ineligible inquiries concern automobile and property crimes which are excluded by the statute. If the claim meets the eligibility requirements it is necessary to:

- (1) obtain a description of the incident from law enforcement reports to determine if any provocation by the victim is indicated and, if so, to contact any witnesses to the incident for their statements;
- (2) request any additional documentation which the claimant did not attach;
- (3) check with the respective District or County Attorney's office to determine if proceedings against the offender are imminent and, if so, to ask that restitution be considered at the time of sentencing;
- (4) verify the victim's relationship, if any, to the alleged offender;
- (5) consider other collateral sources reported as received by the claimant as a result of the incident; for example, Social Security, Worker's Compensation, private insurance, etc.
- (6) verify employment of the victim and/or the claimant in cases of wage loss or dependent economic loss;
- (7) verify the outstanding balances of hospital and doctor bills and their relevance to the claim; and
- (8) conduct a personal interview with the claimant regarding the information contained in the claim and the involvement of the claimant in the circumstances surrounding the incident.

A synopsis of all claims to be considered is forwarded to the three Board Members in ample time for them to review the claims prior to the board meetings. Board meetings

are generally held on the second Friday of each month. The Board, after review of the claims and discussion, renders its decision and the claimants are notified within seven days, with a right of appeal.

The Board is subrogated to the cause of the action of the applicant against the person responsible for the injury or death of the victim and also against the offender for the amount of damages sustained by the applicant.

IV. STATUTORY HISTORY

The Crime Victims Compensation Board (K.S.A. 74-7301-7318) was established by the Legislature in 1978 to alleviate the financial hardships caused by crime-related medical expenses and loss of income sustained by victims of violent crimes in Kansas. The statute also provides that some payment can be made to dependents of deceased victims. The Legislature, H.B. 3004, amended K.S.A. 74-7305(2)(g) which allowed rape victims to be awarded compensation even though their economic loss would be less than \$100.

K.S.A. 1984 Supp. 74-7325 established the Protection From Abuse Fund for the purpose of creating funds for programs providing services to victims of domestic abuse. The funding source established in this legislation was an \$8 fee assessment added to marriage license fees received in each county throughout the state. The 1989 Legislature increased the fee assessment to \$23. These monies are deposited in the Protection from Abuse Fund and are administered by the Crime Victims Compensation Board in the form of grants-in-aid.

K.S.A. 1984 Supp. 20-362 was revised by the 1985 Legislature with S.B. 108 which increased to \$2 a fee assessment collected from the cost of each docket fee of a criminal proceeding in any county. This money was deposited in the Crime Victims Reparations Fund Established by the original docket fee assessment legislation by the 982 Legislature, H.B. 3005.

K.S.A. 74-7302 was amended by the 1985 Legislature, S.B. 344 to read as follows: "Within the limits of appropriations therefore, the board shall award compensation for economic loss arising from criminally injurious conduct if satisfied by a preponderance of the evidence that the requirements for reparations have been met." The legislative intent of this amendment was to further clarify that the Crime Victims Compensation Board is not an entitlement program.

S.B. 685 passed by the 1986 Legislature amended K.S.A. 74-7317 to allow monies in the Crime Victims Reparations Fund to be used for state operations of the Board eliminating the commitment of the State General Fund. S.B. 685 also amended 74-7312 to allow monies recovered by the Crime Victims Reparations Board through subrogation to be deposited in to the Crime Victims Compensation Fund rather than the State General Fund.

S.B. 700 passed by the 1986 Legislature amended K.S.A. 74-7301(e) allowing victims of motor vehicle incidents involving DUI to be eligible to receive compensation for uninsured losses under the same restrictions and limitations imposed on victims of violent crimes.

K.S.A. 74-7301 was amended by the 1986 Legislature, S.B. 567, which provides specific language allowing the Crime Victims Compensation Board to apply for, receive and accept money from any source, including financial contributions from inmate workers wages thus allowing the State of Kansas to meet a mandatory certification requirement to participate in the Private Sector/Prison Industry Enhancement (PIE) Program administered by the Bureau of Justice Assistance of the U.S. Department of Justice.

The 1989 Legislature in H.B. 2200 substantially amended the Crime Victims Compensation statute as follows: (a) the name of the Board was changed to Crime Victims Compensation Board; (b) the Board was transferred to the Office of the Attorney General; (c) maximum allowed for funeral expense was raised to \$2,000; (d) the maximum amount allowable per claim was raised to \$25,000; (e) the financial means test was deleted; (f) eligi

bility for compensation was amended to include Kansas residents victimized in states without an eligible compensation program; (g) funding of the Crime Victims Compensation program was changed from reliance on the criminal docket fee to 19% of all fines, penalties and forfeitures collected by the clerk of the district court in each county.

The 1990 Legislature in S.B. 674, amended the Crime Victims Compensation statute, K.S.A. 74-7305(b) by deleting that section which required that the offender could not live in the same household as the victim. This legislation was required by federal guidelines to insure that Kansas retain its eligibility for federal Victims of Crime funds. The Legislature further passed enabling legislation to allow counties to establish property crime compensation boards.

In 1991, the Legislature in HB 2374 amended the Crime Victims Compensation Statute KSA-74-7305(h) to provide, "Compensation may not be awarded unless an application has been filed with the Board within one year of the reporting of the incident to law enforcement officials if the victim was less than 16 years of age and their injury or death is the result of any of the following crimes; (1) Indecent liberties with a child as defined in KSA 21-3503..." This amendment acknowledges that the children are not forthcoming as to their victimization.

In 1992, the Legislature in SB 744 amended KSA-74-7319 to insure its constitutionality. This requires that any profits from the sale of books, magazines, or other publications or from any movie, radio, television presentation or live entertainment regarding criminally accused or convicted person's (or their assignee's) thoughts, feelings, opinion, or emotions regarding the crime shall be paid to the Crime Victims Compensation Board. A similar statute enacted in 1986 and patterned after a New York State law was found to be unconstitutional.

SUMMARY OF ILLUSTRATIVE CASES

130649-91

This 29 year old woman was shot in the face by her estranged husband. He had informed a friend previously that he was going to ask his estranged wife to come back to him or he would kill her and then himself. She refused to come back to him and he shot her in the face and then himself in the head. He was pronounced dead at the scene. There was some insurance coverage; however, the Board has approved \$4,890.00 in out-of-pocket medical expenses and \$704.00 in wage loss for her.

130735-91

This 42 year old woman was accosted by a patient at her place of employment at a medical center. Worker's Compensation covered her medical bills and wage loss, so her claim was denied for reason of collateral source.

130845-91

This 18 year old man arrived home to find a friend of his sister at the house. This individual had been warned previously to stay away from the house. When the victim told the visitor to leave, the visitor refused and an argument ensued. The victim finally chased the suspect from the house. Once out on the sidewalk the suspect turned, stabbed the unarmed victim with a knife and fled. The District Attorney's Office declined to prosecute because the stabbing occurred out on the sidewalk, outside of the house. The Board reduced the award by 25% due to contributory misconduct by the victim. The amount awarded was \$11,073.56.

130877-91

This 14 year old high school girl was discovered screaming in the laundry room of an apartment building. She had been stabbed several times in her arms and back. When police arrived, she told them she had also been raped. A juvenile was taken into custody, certified to stand trial as an adult and plead guilty to Kidnapping, Attempted Rape and Aggravated Burglary. The Board has approved \$18,560.22 in medical bills and continues to pay rehabilitation costs for her severely injured arm.

130885-91

This 10 year old boy was victimized by a 17 year old girl, who was adjudged a juvenile offender for the crime of Aggravated Sexual Battery. The Board has approved \$308.00 for psychotherapy for the victim.

130904-91

This 11 year old girl was the victim of Indecent Liberties by her mother's live-in boyfriend. The mother had apparently been aware of the abuse; however, due to her intimidation by the boyfriend, she did nothing about until the boyfriend was arrested for molesting another young girl and was out of the home. The boyfriend was convicted of Indecent Liberties. The Board approved \$229.00 in medical and counseling expenses.

140805-92

This 12 year old girl, whose mother applied on her behalf, was shot to death by a man whose car was stolen by the girl's uncle. When the man tried to flag his car down it would not stop, so he fired a gun into the car. The shot struck the 12 year passenger in the head. The Board approved the ambulance and hospital bills totaling \$18,762.42 and the maximum funeral expense allowance of \$2,000.00.

140952-92

This 26 year old man was attacked by a group of kids while he was walking to his car in the parking lot of a pizza establishment. The suspects ran over the man with his own vehicle and he was lodged underneath the car. The fire department had to utilize a jack to get him out from under the vehicle. Disability insurance covered most of his medical expenses; however, our Board did approve \$1,082.62 for medical supplies and a hydraulic lift.

140327-92

This 70 year old man, accompanied by his oldest son, went to the home of his younger son. When they were inside the house, the younger son plunged a knife into his father's stomach. He then attacked his brother with an axe. Meanwhile, the man managed to remove the knife from his stomach and he used it to stop the attack on his older son. The suspect was arrested and committed to a state mental hospital. The Board approved medical expenses and funeral expenses totaling \$2,555.30.

130652-91

This 32 year old man reported he had car trouble and he was standing in the lane of traffic on the highway trying to get a ride into town for help. He advised an officer that a car struck him and left the scene. He applied for assistance with medical expenses due to the injuries he received from the incident. Information obtained from the investigation revealed no evidence that any cars had collided at this location. There were no debris on the highway or grass area or any automobile marks. Also medical records revealed the injuries the man received did not appear to be injuries that would be received by a person standing on a roadway and struck by a vehicle travelling on an open highway. The Board denied the claim on the basis that the incident did not fit the definition of criminally injurious conduct.

141066-92

This 28 year old woman was given pornographic materials and fondled by her mother's friend when she was 10 years old. The incidents were ongoing until she turned 16. When she was 17 she told her mother about the abuse and her mother never mentioned any of it again. Consequently, nothing was ever reported to the police. After years of therapy regarding issues surrounding the abuse, the victim applied to the CVCB for assistance with psychotherapy expense due to emotional trauma she suffered from the incidents. The Board denied her claim because the incident was not reported to law enforcement within 72 hours, which is an eligibility requirement.
