Multidisciplinary Teams

The Council in 2020 drafted and approved to introduce proposed legislation for the 2021 legislative session to create multi-disciplinary teams. HB 2151 was introduced on January 27, 2021. I, as Chairman of the Council, provided written and oral testimony to the House Committee on Children and Seniors on February 3, 2021. I also provided both written and oral testimony to the Senate Committee on Public Health and Welfare on March 23, 2021. The Bill was supported by the following organizations who all provided written or oral testimony in support:

AARP of Kansas
 Kansas Bankers Association
 Kansas Coalition Against Sexual and Domestic Violence
 Kansas Department of Aging and Disability Services
 Kansas Department of Child and Families
 Kansas Department of Health and Environment
 Disability Rights Center of Kansas
 Office of the Kansas Attorney General
 Kansas Association of Area Agencies on Aging and Disability
 Kansas Council on Developmental Disabilities
 Kansas Advocates for Better Care

With help of all of these supporters, the bill ultimately passed both the House and Senate as H.B. 2114 on April 9, 2021, and was signed by the Governor on Wednesday, April 21, 2021, becoming effective July 1, 2021. The bill was enacted into statute as K.S.A. 75-782.

K.S.A. 75-782 creates a statewide MDT coordinator located in the Office of the Kansas Attorney General who facilitates the convening of an MDT in each judicial district in Kansas. These teams consist of law enforcement, county and district attorneys, and social service agencies. It also allows for members to be added to the team as needed, such as medical personnel, financial and banking personnel, advocates, and service providers. The purpose of the teams is to coordinate both civil and criminal investigations

of elder and dependent adult abuse, as well as identifying local opportunities to improve policies and procedures in the notification and response to abuse, neglect, and exploitation, of elder and dependent adults.

Education and Outreach

The Council with leadership from the Education and Outreach Committee, worked for most of the year on creating a way to get information to the public on Elder and Dependent Adult Abuse. This culminated in creating both a magnet and a book mark. The magnets and bookmarks provide valuable phone numbers for people to call if they suspect abuse, neglect, exploitation, or fraud regarding elder and dependent adults. It also provides numbers for resources regarding mental health and aging.

The money needed to produce this outreach was provided by the Kansas Department of Children and Families and the Johnson County District Attorney's Office. Design was provided by the Johnson County District Attorney's Office in coordination with the Office of the Attorney General. The Council is extremely grateful to all of these entities in helping us to fulfill our Education and Outreach obligations.

Looking Forward

The Council will continue to meet regularly in 2021. As of December 31, 2021, the Attorney General's Office is still attempting to fill the position of Statewide MDT coordinator. Once this position is filled, the Council will spend considerable time assisting the Coordinator in creating and developing MDTs in each judicial district.

The Council will also be working on a plan to distribute the elder abuse prevention magnets and bookmarks. Our intent is to work with local libraries, elder advocacy groups and area agencies on aging in order to distribute the items. We will also be working on preparing a handout for law enforcement that provides vital information related to elder abuse investigations, such as statutes, phone numbers, etc. Both of these projects will be headed up by our Education and Outreach subcommittee.

I express my gratitude to you on behalf of all Council Members in allowing us to serve the citizens of Kansas. We look forward in 2022 to continue working with you to prevent the abuse of elder and dependent adults.

Sincerely,

OFFICE OF ATTORNEY GENERAL
