a. The solicitations make it appear that Robert R. Stone, attorney-at-law, is officed at a location and has a phone number which in fact belongs to a telemarketing firm. This is in violation of K.S.A. 17-1769(b).

b. The solicitations make it appear that the recipient has already qualified and won a large cash prize when in fact the recipient must be the specifically named "pre-selected" winner and must respond to the solicitation in order to win. Most persons who respond will share a small prize and will receive a prize of as little as 10 cents. This is in violation of K.S.A. 17-1769(b).

12. Walker Cancer Research Institute, Inc. voluntarily agrees to this Consent Judgment without trial or adjudication of any issue of fact or law.

13. The provisions of this Consent Judgment will be applicable to Walker Cancer Research Institute, Inc., and every employee, agent or representative of Walker Cancer Research Institute, Inc.. Attached hereto is Exhibit A which lists those complaints currently on file and the amount of actual damages for each complaint filed with the Office of the Attorney General.

17. Walker Cancer Research Institute, Inc. agrees to resolve all consumer complaints filed after the date of this Consent Judgment to the satisfaction of the Office of the Attorney General whether brought to Walker Cancer Research Institute, Inc.'s attention by the State of Kansas or by consumers complaining directly to Walker Cancer Research Institute, Inc.. Walker Cancer Research Institute, Inc. shall apprise the State of Kansas, through the Plaintiff, in a simple and concise manner, of the disposition of those complaints and disputes within thirty (30) days after resolved.

18. Walker Cancer Research Institute, Inc. shall not enter into, form, organize or reorganize into any partnership, corporation, sole proprietorship or any other legal structures,

for the purpose of avoiding compliance with the terms of this Consent Judgment.

19. Walker Cancer Research Institute, Inc. agrees to the following guidelines on all future solicitations which offer a prize in connection with a sweepstakes sent to Kansas residents. (A sweepstakes means any contest, game or other promotion for the distribution of a prize or prizes distributed or promised to be distributed on the basis of a drawing or random selection or other element of chance):

a. The solicitation will not use the name, letterhead, signature or other indicia of representation or sanction of an attorney-at-law, in such a fiduciary capacity, unless the attorney-at-law actually had knowledge of the winner of the sweepstakes and is personally notifying that winner. Nothing in this Consent Judgment shall prohibit Walker Cancer Research Institute, Inc. from using the name of an officer, director or employee who is an admitted attorney, provided that he or she is not identified as such.

b. The solicitation will clearly disclose that no payment, contribution or consideration is necessary to enter the sweepstakes.

c. The solicitation will disclose the description and/or value of the prize or prizes being offered, or prizes which have already been awarded; the odds of winning each prize; when and how the prize awards will be determined; and any other rules which may apply. These disclosures shall be made in 8 point type.

These disclosures and any sweepstakes rules shall not be printed on any portion the recipient must return to participate or donate.

d. The solicitation will not contain any statement that the recipient has won or is going to win an award or prize in any amount greater than can be substantiated at the time the solicitation is sent. Phrases such as "You have won" and "You have won a cash prize in the \_\_\_\_\_ sweepstakes" (where the blank is filled in by the total value of the prizes in the sweepstakes) may be used only if true.

e. The solicitation will not represent that funds raised by a solicitation will be earmarked for a specific project unless the defendant has a good faith intent and reasonably believes that the funds raised will be used for that specific project. It will be a defense to an enforcement action based upon this provision that despite good faith efforts it was not possible for the defendant to carry out the planned or projected activities. The solicitation shall make the following disclosures:

(1) The year of Walker Cancer Research Institute, Inc.'s incorporation and either:

(a) That a substantial portion of proceeds actually received will be spent on donor acquisition and/or public education. A statement will be included that "public education" may include the information sent with the solicitation;

year using generally accepted accounting procedures. A statement will be included that "public education" may include the information sent with the solicitation.

(2) The solicitation will state that a copy of the latest financial report is available upon request.

(3) The solicitation will state that further information may be available from the office of the Attorney General of the State of Kansas.

(4) These disclosures will be made in 8 point type.

- a. \$7,500.00 charitable donation to charities selected by the Attorney General.
- b. Payment will be by certified check.

21. Walker Cancer Research Institute, Inc. agrees to allow the Attorney General to inspect relevant business records of Walker Cancer Research Institute, Inc.'s charitable solicitations to Kansas residents in the future. The Attorney General will give reasonable notice for these inspections. The Attorney General will not pre-approve any solicitation even if the Attorney General inspects the solicitation.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that the stipulation and agreement of the parties contained herein are adopted and approved as the findings of the Court.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that pursuant to the Kansas Charitable Organizations and Solicitations Act, K.S.A. 17-1768(b) the Court hereby approves the terms of the Consent Judgment and adopts the same as the Order of the Court.

IT IS SO ORDERED.
