

Overview

The Personal and Family Protection Act permits, as of July 1, 2021, the licensing of lawful individuals who are at least 18 years of age to carry concealed handguns in Kansas. Licensing with the Attorney General began in July 2006. Licensure has the benefit of providing certain protections for the holder, such as being able to carry concealed handguns in 39 other states, most of which require a license in order to do so. Please consult with private legal counsel about your ability to lawfully possess firearms or the unlicensed carry of firearms (concealed or open) in Kansas or other states. The Attorney General's office cannot provide individual, private legal advice.
